SENATE BILL

No. 377

Introduced by Senator Chesbro
(Coauthor: Assembly Member Cohn)

February 19, 2003

An act to amend Sections 124555 and 124710 of, and to add Section 124586 to, the Health and Safety Code, relating to health, and making ~~an appropriation therefor~~ *to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.*

LEGISLATIVE COUNSEL'S DIGEST

SB 377, as amended, Chesbro. ~~Indian health~~ *Health* services.

Under existing law, the State Department of Health Services administers a program for American Indian health services and is required to use funds appropriated to the department for the purposes of the program to provide specified assistance to urban and rural American Indian health programs and to assist these programs in planning, implementing, and upgrading programs to attain a comprehensive health services delivery system for American Indians in urban and rural areas. Existing law provides for the award of contracts and grants for purposes of the program.

This bill would require the department to provide semiannual prospective payments to a grantee during a 12-month fiscal period, in accordance with specified criteria, to the extent funds are available.

Existing law requires the ~~State Department of Health Services~~ *department* to grant funds for up to 3 years per grant, to eligible private, nonprofit, community-based primary care clinics for the purpose of

establishing and maintaining a health services program for seasonal agricultural and migratory workers and their families *and for rural health services*.

This bill would require that the grants shall be for a minimum of 3 years, and would make the application of the grant extension retroactive to funds appropriated in the ~~2002~~ Budget Act of 2002.

Unless otherwise specified, funds appropriated in the Budget Act are available for expenditure in the year for which the Budget Act is enacted. By extending the period of the grants for which funds ~~that~~ have been appropriated, this bill would result in an appropriation.

This bill would declare that it is to take effect immediately as an urgency statute.
